1. Brief overview of this user guide

This guide is prepared to help you submit Clarification requests to the Federal Tax Authority (FTA) regarding specific matters of uncertainty on which you would like further guidance, and will help you:

- **provide accurate answers** to the questions on your Clarifications Form by explaining what information you are required to provide; and
- **understand the icons and symbols** you might see as you complete the form.

The Clarifications Form is for use by all persons that would like to ask the FTA to provide technical clarifications to matters of uncertainty they encounter after analysing the legislation.

If you have additional questions on specific fields in the Clarification Form, please contact us at info@tax.gov.ae.

2. Purpose of the Clarifications Form

2.1 What is a Clarification?

A Clarification is a mechanism to provide taxpayers with written guidance or advice about the FTA's interpretation and position on specific tax matters of uncertainty, subject to the terms, conditions and procedures established by the FTA.

The answer provided by the FTA applies to the applicant and the specific transaction on which such advice has been requested only. There is no precedence for the advice set out by the FTA's response that could be applied to other persons or to the applicant for materially different transactions carried out.

2.2 Who is qualified to apply for a Clarification?

Any person may use this Clarifications Form to seek technical clarification on specific tax matters, provided that:

- The person has analysed the relevant tax law, regulations and guidance and the answer is still uncertain – It is the responsibility of the applicant to monitor from time to time all publications issued by the FTA including but not limited to the law, regulations and guidance to avoid unnecessary and invalid submissions of a Clarifications Form.
- The person has an interest in the matter at hand (i.e. this is a genuine factual matter that has a material impact on the taxable person's activities); and
- The matter is not covered by previous Clarifications issued by the FTA.

It is not required that:

- The person has to be a Taxable Person registered with the FTA;
- The person has to appoint a Tax Agent; or
- The matter has to relate to a transaction which has already occurred.

IMPORTANT: The FTA will **not** provide Clarification on the area of uncertainty which you raise if:-

- You request Clarification for a matter that does not fall within the criteria above;
- The application form is not filled in correctly;
- The content of the application form is not complete and/ or the FTA considers more information is required to proceed with the review;
- The FTA does not believe that there are genuine points of uncertainty for your application;
- Your application is about the treatment of transactions which the FTA believes that are for the purposes of avoiding tax;
- You are asking the FTA to give tax planning advice; or
- The application is related in any way to a matter raised in a tax inspection, audit or assessment by the FTA.

2.3 How to apply?

The taxpayer must submit the Clarifications request on the official website of the FTA. Refer to **section 5** for details on the submission.

2.4 Who can submit the Clarifications Form on your behalf?

Generally, the person seeking a Clarification should submit the Clarifications Form. However, submissions will also be accepted from:-

- Appointed Tax Agents; or
- Appointed Legal Representatives.

If you are a member of a Tax Group, the request should be submitted by the Representative Member of the Tax Group.

IMPORTANT: Tax Advisors (who are not registered Tax Agents) are not permitted to submit any Clarification requests on behalf of another person.

3. What information will you need when completing the Clarifications Form?

You are required to submit the below attachments along with the form:

- Any tax advice you received on the matter of uncertainty to be clarified;
- A formal letter including details of the facts, legal references, your technical view, any alternative treatment which you consider may apply as well as your question(s) for the FTA to clarify; and
- If a person is not registered, supporting details to identify the applicant (either Emirates ID or Passport copy) and proof of authorisation.
- If a person is registered, the Clarification request should be submitted by the authorized signatory.

IMPORTANT: If you are a Tax Agent you must state the email address that was used to register with the FTA as a Tax Agent (i.e. your online user account) and which is linked to the taxable person.

To facilitate the review of your request, you are encouraged to provide any additional documentary proof to support the factual and legal grounds on which the request is being made (e.g. sample invoices, contracts, payment slips or other).
