| | Topic No. 2 (FTA Topics) |
|--------------------------------|---|
| Discussions | The FTA Officer from TPIRD gave an overview of several topics related to amendments to VAT legislation and new publications made by the FTA (including new or updated public clarifications) as listed below: Amendments of the VAT Executive Regulation and the related Public Clarification (VATP040) Amendments to VAT Decree-Law and Tax Procedures Law related to the planned E-invoicing FTA Decision No. 2 of 2025 on the Authority's Policy of Issuing Clarifications and Directives VATP039 - Crypto currency mining VATP041 - SWIFT Messages Concerned Services overall and related tax compliance obligations- in process of publishing as specified by the FTA Officer Reverse Charge on Precious commodities - in process of publishing at the moment of the BAG meeting (now published as VATP042) A query was raised by a member around the public clarification published on SWIFT Messages, specifically if any concerns or changes on records with respect to the invoice received from the non-resident supplier and its base for VAT recovery. The representative of the FTA's Tax Policy and International Relationship Department clarified that VATP039 is related to SWIFT messages (financial transactions) only whereby a distinction is made in clarifying the requirement for issuing a Tax invoice to one-self (as was always an application of the VAT Legislation) and the conditions for the recovery of input VAT. |

| Topic No.3 (Responses to member queries) y was raised by a member around the "Director Presence Test" as a on for zero-rating exports as specified in Article 31 of the VAT Executive tion (and in light of VAT Public Clarification VATP040). The representative "TA's Tax Policy and International Relationship Department noted that this is currently under discussion with the Ministry of Finance. ber shared 2 queries: e first topic is related to Challenges and concerns raised under the coming e-invoicing requirements, whereby it was pointed out the process e-invoicing, and the related requirements, is expected to be very nbersome. The Director- General of Federal Tax Authority stated that there be more guidance and clarity on e-invoicing scheme. It was also noted t the data dictionary is ready and it is under final review and discussion n MOF. The Director General of Federal Tax Authority noted that FTA will ays need to work with the taxpayers and definitely as we progress, we ure that the taxpayers view and interest is noted and taking into isideration. e second query raised by the member about the self-billing requirement on M supplies. The representative of the FTA's Tax Policy and International ationship Department explained that, as earlier in the BAG meeting, the bilc clarification on SWIFT messages was updated and was published on 14 it 2025 but only relates to SWIFT messages. Overall a public clarification es not change the Tax legislation but provides more clarity on the bilcation. The structure was amended to clearly distinguish between the n topics, i.e. the obligation to account for VAT on Concerned Services, the igation to issue Tax Invoices to one-self since one makes a taxable supply, I the documentary requirements for being eligible to recovery input tax. |
